Unless you can afford to buy a new real Louis Vuitton bag every season, you want one that will withstand the passing of trends and continue to look amazing for years to come. We also think it◆s important that you really, really love it and aren't just buying it for status or◆not that we think we have that much influence◆because it◆s on this list.
Also, remember that just because it◆s marked down doesn't necessarily mean it◆s the bag for you. Lauren advises, ◆Don◆t buy a Louis Vuitton bag that◆s on sale unless it◆s the one you really want. If you◆re going to spend a lot of money regardless, pay full price for something you◆ll love for a long time. I know from experience.◆ Louis Vuitton, in our opinion, really worth the investment.
