There isn't a player more in synch with his game than Adam Scott. He's certainly the favorite at Doral. However, if you are looking for a player that's outside the top 15 favorites who can attack the Blue Monster, go with Brooks Koepka.

Trump contends that he is still offering refunds to those on the resignation list and that some have settled sooner to get out of the deal. What he fails to contend is that it certainly appears he's both banning folks from the course and not paying them their resignation money.
