This week, the Ravalli County Retired Volunteer Senior Program (RSVP) is joining with the national Senior Corps organization to celebrate the thousands of men and women who volunteer in a variety of ways.This method got all the smell out of my hot yoga clothes, except for a little sweaty odor still left in the crotches of my leggings (hey, I'm just here to tell the truth), and reduced the baked-in smell on my favorite running hoodie. And weirdly enough, the next time I wore one of the tank tops I'd washed with baking soda, it didn't seem to get as smelly as usual.

I pre-soaked the entire load of clothes in my top-loading washing machine by running one delicate cycle (on my machine, that's basically a short soak and a spin dry) with cold water, adding a cup of vinegar as it filled. Then I washed the load as usual with warm water and regular detergent.

==========
