With our salomon shoes hiking products, which are perfectly coordinated with each other, we want to enable our customers to have the best time they have ever had in the snow,” explains Salomon ski expert Johannes Schumann. From beginners to experts, from piste enthusiasts to ground lovers: The new collection fulfills all the wishes of skiers who feel just as comfortable on piste as they do off piste, but don’t want to have to pick a side when it comes to equipment.

The new products are suitable for both prepared pistes as well inconsistent slopes and short sections in the deep snow. Versatile and adaptable up to the smallest detail!

As an all-round supplier, salomon shoes xa pro 3d kits out skiers from head to toe for every single ski day of the year – something unique in the market. “Our product designers are able to fall back on Salomon’s many years of expertise when it comes to the perfect fit in the areas of ski boots, helmets, and glasses,” says Schumann.

Using innovative materials and technologies, the team utilizes know-how from all product areas. Therefore, the new products have a greater affinity to the consumer than anything else, as the salomon shoes speedcross 4 Community is directly involved in the development.
Skiers know what they want: salomon shoes sale gear that is adaptable and versatile. But where do they actually get that? With the new All-Mountain Frontside Collection, complete outfitter Salomon, really fulfills this aspiration: to perfectly kit skiers out from head to toe for every ski day. Whether prepared pistes, inconsistent slopes, or powder snow – the All-Mountain Collection equips the skier for all conditions.

Passionate skiers want one thing more than anything else: to have fun doing their favorite salomon shoes womens winter sport. To run smoothly, skiing needs not only enough snow but also the appropriate equipment. Versatile, adaptable, functional, and cool: True to its brand motto “Time to play,” Salomon presents its new All-Mountain Frontside Collection – “with the aspiration to really live up to the name “All-Mountain” ,” as Johannes Schumann, Territory Commercial Manager Salomon Winter Sports Equipment, explains.
