Omega watches are the definition of extravagance and sophistication. No watch companyin the world holds more records for accuracy. Omega are continuously re-definingstate-of-the-art mechanical watch making and have been since 1848. Since 1848Omega has made many contributions to the art of watch making. These offerings include the calibre Omega andthe Marine. The Speedmaster was launchedin 1957 and half a century later the Co-Axial calibres took the horologicalindustry by storm. The Omega brand hasalways stayed true to its core identity which is being an innovativewatchmaker. Omega makeswatch collections for both men and women. The men□s range includes De Ville Hour Vision, Speedmaster Broad Arrow,Speedmaster Broad Arrow Rattrapante, De Ville Prestige Small Seconds, and many others. The women□s Omegawatch range includes Constellation, Seamaster, Speedmaster, De Villeand Specialities. Some of the models include Double Eagle Chronometer, AquaTerra Automatic, Aqua Terra Quartz, Iris My Choice Automatic, Quadrella QuartzMini, among others. IWC is a high end Swiss watch manufacturer andis notable for being the only major Swiss watch factory located in EasternSwitzerland, as the majority of Swiss watch manufacturers are based in WesternSwitzerland. The IWC watchfamilies are proof of the skill and expertise of their engineers. IWC produce tough watches for everyday wear andalso professional sports watches. There areseven watch families at IWC and these are Da Vinci, Aquatimer, Pilot□s Watches,Ingenieur, Portofino, Portuguese and IWC Vintage Collection. The InternationalWatch Company also creates quality special editions and the most exclusive ofthese is the Portuguese Siderale Scafusia. It is the most complex mechanical watch ever created by IWCSchaffhausen. The design of the dial isof the same characteristic and style as that of the entire IWC Portuguese watchfamily.
