Michael Kors like all the designer watch brand such TAG Heuer Watches, Breitling Watches; has brought some of the same details of his designs to men's watches • like the all-white look. The Jetset Quartz Chronograph White Stainless Steel Watch will look outstanding against a summer tan. It features a white, silver-tone stainless steel case set off by a white bracelet. The white dial features three subdials and a date window between 4:00 and 5:00. It is powered by a Japanese quartz chronograph movement. The 8-inch bracelet secures with a bracelet clasp. Feel free to wear this beauty to the beach as it is water resistant to 330 feet.

For a rich look, check out the Michael Kors Watches Chronograph Two-tone Stainless Steel Watch. It features a silver-tone stainless steel case, set off by a gold-tone bezel and gold-tone dial.
