cigarette smoking, because it is painful, but not depressing. The words are routine, but the experiencing inside makes our heart ache. Probably, as you explained, the smoke will not betray your high temperature... Peat in the afternoon in the hot sun, the guts is sunburnt. Spot the shadow you forgotten. Illusion is your elf that is found in the wings involving light and holds inside my palm Newport 100S. Take me because of this dark enchantment. The enchanting remnants in the palm are regularly changing the flowing dance position, glazing, smoking. Is our finger lonely, as well as am I plummeting? Light a cigarette and allow the strips surround us Marlboro Cigarettes. Do not let this wandering considered to retreat. So write your name with a cigarette and draw it into your lungs so that you can stay at your closest distance for you to my atrium, then when those words are generally ash, you are going to be in my cardiovascular, even though the globe is separate... "Cigarettes point out Qingyun Road, and spirits come up with a broken heart. inches Cigarettes and isolation, we are 50 % of us, spirits along with loneliness, we carry the other, we always expect someone can talk about my sadness, entirely, to the discontent I see for the couple embracing for the street, I could only hide our head and manage wild... It appears to be I've been employed to paying. It's as being a lonely smoke involving my fingers, using continuously, but missing a pill, in fact, I'm also qualified for... Treat me inside my sad world, I am aware of that I could only be an episode as part of your memory, but I'm hoping I can Employ your only arms to play essentially the most moving tune in your case, even it. Installed stop there. Like this, lovely solitude, always on a real night, accompanied by the fragile cigarette throughout ash. Staring at the globe fogged slowly looking at my eyes. As being a gauze but refined my staring cardiovascular... I dreamed involving quitting the temptation on this nicotine, but Needed to quit, nevertheless I eventually observed that helpless, it's not at all smoke but your fan's soul's enjoy and missing bone tissues. Analyze yourself little by little. Free your heart. Forget the gentleness in the past, tear out ideals, reality, thoughts. ♦♦♦ Finally I ran across that the remainder of my recollection was truly memorable in your case. I ended way up with frustration. I tried to flee from this group of friends I was attracting Marlboro Red, but I would not know that if your soul's core ended up being gently curled along with crushed Where what's travel with a new hint of desertion? Ask yourself what you look for to go pertaining to? Confused, hesitant! After, every night, every single new morning, tried to know the memory in the sun. Trot entirely, the petals rise inside wind, dance inside sky, see, overlook, cherish, forget, are don't important, life is a lot like a cigarette, right from the start to the end in the process The grief scattered during the past is just smoke flying inside sky. After your enchantment, the smoking disappears... they do it again few unchanged songs, faint grief, unlimited melancholy. After experiencing long, I was only together with emptiness and isolation, well, and this specific lonely cigarette. Sometimes I want to use words to see my mood, but when I glance at the computer my views are empty. Suddenly I have to sit still, only sit so even now. I don't imagine anything, I needn't do anything..., smoking, with a perplexed shadow, the odor left on our hand, makes us awake... The smile I was formerly still so emotive. The previous injury remains to be so troubling. Would it be my release or do you think you're leaving it? Maybe simply a turn away, at the least it's this cig, which burns to me alone.
