Bracelets clasps have changed as time passes. The pandora jewelry 925ALE stamp on some of the older ones can be displayed in a small raised box, now it is stamped within the clasp. Check my listings for variations about this when i always try and show a photograph in the interior of your clasp. Externally the clasp the phrase PANDORA appears - always in capitals.

The markings are another conundrum to fix!They will wear down within the silver / silver with gold charms - particularly when these are ready where rubbing on adjacent charms occurs as silver is a fairly soft metal. Also &#65533; Pandora have altered where they stamp on particular charms after some time. I have some very early ones which are not stamped by any means &#65533; the high quality is astounding though!

The inexpensive pandora charms employed to make them bright, explain how it works look like driving them to dull (a).
